

JOIN PNWAS 2018!!

**IN QUEST OF OUR PAST for over 33
years BP now!**

NOTE: We have made a wonderful transition to The Mountaineers Programs Center near University Village, Seattle. Though a relatively expensive transition, we have decided not raise our membership fees (which have been the same since we started—in 1985!—remember those days!), but we DO ask for you to be sure and renew and help support the ongoing cause (and rising expenses....).

We again request your help in making the **Pacific Northwest Archaeological Society (PNWAS)** better yet for **2018**, in our **33rd** year of programs, projects and events. Your membership will continue to support PNWAS in our mission: giving the public a better understanding of our *region's and world's* rich and ancient cultural heritage. By helping PNWAS at one of the levels indicated on the back of this form, **you will provide the vital margin needed to assure meeting our goals.** Your help means you are a direct part of the PNWAS educational effort. To keep up with scheduled programs, see our new and developing web site at: <http://www.pnwas.org>

As a member of PNWAS we provide the following membership benefits:

EXPEDITIONS

PNWAS sponsors professionally conducted archaeological projects, providing public involvement, including (1) archaeological tours in Washington State and beyond (we were involved in tours of Africa (pyramids of Egypt to Olduvai Gorge of Tanzania)) and South America (touring Peru), and (2) Field trips to visit and help archaeological sites and regional programs in our area (we visited the great YAMA Japanese Community dig on Bainbridge Island last summer, sponsored by Olympic College. We are beginning to plan fieldtrips for summer **2018**: including our annual camping trip to the Hoko River Mouth Retreat <http://hrmr.weebly.com/> during **Makah Days**.

PRESENTATIONS

PNWAS brings archaeologists and public speakers from around the world to describe their discoveries and Anthropological adventures (please mark your calendars). The **2017-2018** programs at the Mountaineers Program Center, **7700 Sand Point Way NE, Seattle, WA 98115** so far include:

Our next two upcoming talks will have an archaeological theme focused on inland sheltered sites along the western edge of the Cascade Range:

- **December 1st, 2017** *Berkeley Rockshelter Site: Understanding the Late Holocene use of the Mount Rainier Area* By Dr. Bradford W. Andrews, Associate Professor of Anthropology, Pacific Lutheran University
- **February 9th, 2018** *Eagle Gorge Terrace: An Upland Hunting Camp and its Place in the Economic Lives of the Pre-contact Puget Salish* By Dr. James C. Chatters, Applied Paleoscience
- **April 13th, 2018** *Coming Out/Book Signing Party for release of new book, Re-Awakening Ancient Salish Sea Basketry, and Ed and Dale's recent trip to work with Maori Weavers in New Zealand and presentation at a Wetland Archaeology Conference in France* By Ed Carriere, Suquamish Elder and Dale Croes, Wet Site Archaeologist, W.S.U. and Director of PNWAS

CONFERENCES

Our society proudly co-sponsored the international **Circum-Pacific Prehistory Conference** in conjunction with the Washington State Centennial Commission during our State's Centennial celebration. In 1998 we conducted a special panel-of-experts program discussing the extinction of Mammoth in conjunction with the National **Society for American Archaeology's** first-ever meeting in Seattle, Washington. In April 2003 we were involved in an international **Wetlands Archaeological Research Programs** conference entitled: *Wet Sites Connections—Linking Indigenous Histories, Archaeology and the Public* (us!) bringing international archaeologists together to discuss waterlogged/wet archaeological sites from around the world in Olympia, Washington.

NEWS BULLETINS

A newsletter providing timely information on discoveries, events and public archaeological projects is circulated. This information includes activities, such as meetings, conferences, field trips, and involvement in local archaeological projects and surveys.

HANDS-ON WORKSHOPS

We had a hands-on red cedar basketry workshop Spring of 2016 and hope to have one in 2018; more announced in our newsletters and meetings.
