

JOIN PNWAS 2020!!

**IN QUEST OF OUR PAST for over *35*
*years BP now!***

NOTE: We have made a wonderful transition to The Mountaineers Programs Center near University Village, Seattle. Though a relatively expensive transition, we have decided *not* raise our membership fees (which have been the same since we started—in **1985!**—remember those days!), but we **DO** ask for you to be sure and renew and help support the ongoing cause (and rising expenses....).

We again request your help in making the **Pacific Northwest Archaeological Society (PNWAS)** better yet for **2020**, in our **35th** year of programs, projects and events. Your membership will continue to support PNWAS in our mission: giving the public a better understanding of our *region's and world's* rich and ancient cultural heritage. By helping PNWAS at one of the levels indicated on the back of this form, **you will provide the vital margin needed to assure meeting our goals.** Your help means you are a direct part of the PNWAS educational effort. To keep up with scheduled programs, see our new and developing web site at: <http://www.pnwas.org>

As a member of PNWAS we provide the following membership benefits:

EXPEDITIONS

PNWAS sponsors professionally conducted archaeological projects, providing public involvement, including (1) archaeological tours in Washington State and beyond (we were involved in tours of Africa (pyramids of Egypt to Olduvai Gorge of Tanzania)) and South America (touring Peru), and (2) Field trips to visit and help archaeological sites and regional programs in our area (we visited the great YAMA Japanese Community dig on Bainbridge Island last summer, sponsored by Olympic College. We are beginning to plan fieldtrips for summer **2020**: including our annual camping trip to the Hoko River Mouth Retreat <http://hrmr.weebly.com/> during **Makah Days—mark your calendar for *AUGUST 28-31, 2020!***

In April 2003 we were involved in an international **Wetlands Archaeological Research Programs** conference entitled: *Wet Sites Connections—Linking Indigenous Histories, Archaeology and the Public* (us!) bringing international archaeologists together to discuss waterlogged/wet archaeological sites from around the world in Olympia, Washington.
